Authorization & Informed Consent

Fee Agreement & Waiver

Please Initial: _It is your obligation to stay current with your bill. Payment is due at the time services are provided. Future appointments will not be scheduled until your account is current. Please discuss any problems you may have with making payments as well as any changes in your financial situation. _ It is your responsibility to notify your provider 24 hours in advance if you are unable to keep your scheduled appointment. If you do not notify your provider, you may be billed for that session. Insurance carriers will not cover missed appointments, therefore, that portion of the bill would be your responsibility. _If insurance coverage is available, we will file for insurance reimbursement. This service is a courtesy we extend to our patients, not a requirement. Please provide the necessary information. Failure to do so will require full payment from guarantor on the account. You are also responsible for any deductibles or co-payments at the time of service. _ I understand that I am financially responsible for the deductible amount, co-payments, coinsurance amounts, non-covered charges and any and all balances not covered under a contractual write-off agreement between Agape Youth Behavioral Health and my third party payer. My carrier's failure to pay does not release me from this responsibility. I also agree that should this account be turned over to collection, I will be responsible for all costs associated with debt collection, including attorney fees and court costs. I acknowledge the receipt of Agape Youth Behavioral Health Notice of Privacy Practices. I understand that questions or complaints should be directed to the privacy office. _ I understand that it is my responsibility to obtain a referral from my primary care physician, if required, and contact my insurance prior to my visit to receive information about the pre-authorization. Insurance companies will not backdate an authorization; therefor, if this step is omitted or forgotten, you are held liable. If my insurance plan has changed, it is my responsibility to notify the office prior to my appointment. In instances where my plan required pre-authorization or a referral from my primary care physician, it is my responsibility to notify the physician's office. If I do not give proper notification prior to the visit, and insurance denies a claim, I understand the bill is my obligation. This applies to all insurances. We cannot resubmit claims for dates incurred before notification of an insurance change due to guidelines for timely filing.
